licentiate

THANK YOU FOR SUPPORTING A WORTHY CAUSE AND HAVING KIDSHOTZ PHOTOGRAPH YOUR FAMILY.

This booklet explains the steps we take before you get your photographs delivered direct to your postal address. It is **VERY important** you read and follow the steps outlined. Kidshotz prices are very low and they also donate thousands of dollars to preschools, schools and worthy causes. Help them continue and get great photographs by following the steps in the booklet.

TO ORDER YOUR PHOTOS IS A FOUR STEP PROCESS.

1. PROOFING

Proof your designs and change them as needed.

2. PICK THE PHOTOS

Decide on any individual photographs you want, you simply pick your favourites and advise us by email of the image number.

COMPOSITE SHEETS CREATED

We will have our graphic artists produce sample composite sheets as we discussed.

YOU WILL RECEIVE EMAIL FROM KIDSHOTZ WITHIN 14 DAYS

We will email you a link to a website within 14 days.

DECIDE THE “LOOK OF THE DESIGNS”

You firstly look at the overall design, do you like what our artists have done? Do you want changes to the design?

More or less images on the sheet?

Names removed?

Horizontal (Landscape) or Vertical (Portrait) shape?

Just email us your requests and we will change the designs as requested.

Example:
More images
Horizontal
With names

Example:
Less images
Vertical
Without names

DECIDE THE PHOTOGRAPHS/IMAGES USED IN THE DESIGNS

Once you have the look of the designs you like then check each photograph within the design, if you want others used then email us the images numbers. The numbers look like BOX_1234.jpg or BLW_1234.jpg OR select your favourites and request we use them.

DESIGN RULES!

For multi image sheets we suggest you only have designs done that work with the sheet size. As a rule these are

20 x 25cm = Maximum images 4
28 x 35cm = Maximum Images 6
41 x 51cm = Maximum Images 8
51 x 61cm = Maximum Images 12
61 x 76cm = Maximum Images 16

If you use more images than around these numbers the smaller images are too small to see clearly.

FOR SIBLING SHEETS

Some times we send designs like these, the idea is you print one per child all matching sizes. The design used here is for 41x51cm sheets. This way you can hang them as a set, move them into the kids rooms as you change you wall decor and most importantly when the individual child is older the child concerned can have their own sheet to show their kids.....lastly you can add a new child to the set!

WE MAKE CHANGES AND SEND YOU NEW PROOFS

We will make the requested changes and send you new proofs. You keep making changes until you are happy with the designs and the images used within them.

YOU'RE DONE PROOFING!

2. PICK THE PHOTOS AND EXTRAS

... DECIDE ON ANY INDIVIDUAL PHOTOGRAPHS YOU WANT TO ORDER

Jett & Mac

Hayley

Imogen

Now that you finished proofing, you simply pick your favourites and advise us by email of the image number.

3. WORK OUT A PRICE

You will find our prices and special deals in this booklet, you can work out a price or ask us to when you email your changes to the designers

4. ORDER YOUR PHOTOGRAPHS

Once you decide what you want, e mail your request and we will confirm your decision and price by return email. Payment or **a payment plan can be set up once your final decision is made** and we have prepared your files ready for printing.
